## Homework Reminders:

- [Click here](#) for the homework board link
- Remember to check and use your homework planner **daily!**

## Mrs Cleveland's MATH Class:

Grade 4 has just wrapped up Part 1 of 2 of Data Management. We investigated graphs, charts, infographics, and stem and leaf plots. We will be circling back soon in the next while to dive into "central tendencies" also known as Mean, Median, and Mode.

This week we go full speed ahead in computation! Adding and Subtracting decimal numbers in the 100th with regrouping, as well as multiplication of 2 by 1, and 2 by 2 digits and (even greater for a challenge). Students will be having more frequent quizzes in this unit as practice is key. Students will be starting a Market Math assignment which will be mostly completed during class. We will also get into more "problem solving" challenges including how proper read a question, sifting through the provided information to choose what parts are required, and focus on key terms and strategies to try out a possible plan! It's okay if students don't get it right away- the process here is more important than only the sole product.

This Thursday, we will also have a special "Love of Math" activity, during our double math period to celebrate "Pi Day!"

## Ms. M's Class:

Grade 4 have finished their first 5 paragraph persuasive essay! The work will be coming home this week so you can see the amazing they have made in their writing!

Innovation Day has started! We have researching the Middle Ages, how pulley and gears work as well as a whole host of 21st century learning skills such as problem solving, collaboration, compromise. I look to forward to what they create!

We started Stop Motion and the set designs are complete - see below! Our movie shorts will be published soon... What this space!

## Morah Yulia's Class:

In Hebrew lessons this week, we continued to learn about our Parasha, 'Hayye Sarah.' We learned about how Isaac met Rivka and what happened when Rivka entered the tent of his mother.

Students created their own games with 10 quotations and presented them in front of the class, where other students were able to play their games and answer questions regarding the Parasha. Students were assigned homework to answer 10 questions based on our slide presentation of the Parasha. The due date is March 15th.

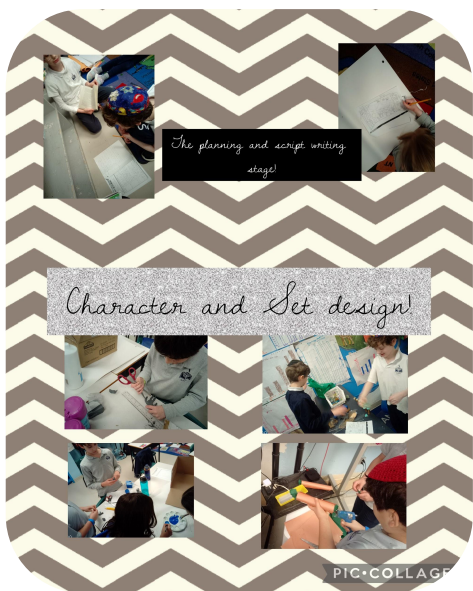

**M.P's French:** The Grade 4 class was busy doing their final rehearsals for their On est Tous Pareils song which they performed on Thursday night. We are in the process of wrapping up our sports unit, and we will have a quiz on the verbs aller and faire at the end of the week. Here are the upcoming assignments and due dates.

Défilé de mode: Monday, March 11th Quiz: Faire + Aller: Friday, March 15th  
 Dossier de lecture + Plan de Travail due: March 15th Sports Presentation projects: Week of March 18th:  
 Monday: Miko (Rugby), Stella (Gymnastics) Tuesday: Jacob (Soccer)  
 Wednesday: Elise (horseback riding) Raz (Archery)  
 Thursday: Adam (Baseball) Solomon (Lacrosse) Friday: Abby (Dance)
